Executive

## Licence to undertake work with asbestos

Licence number **4011004555**

The Health and Safety Executive, in pursuance of the powers conferred on it by the Control of Asbestos Regulations 2006, licences

**CASWELL ENVIRONMENTAL SERVICES LIMITED**  
**CASWELL HOUSE**  
**CAVENDISH ROAD**  
**STEVENAGE**  
**HERTFORDSHIRE**  
**SG1 2ET**

("the licensee")

to undertake work with asbestos subject to the conditions below. The licence is granted from **1 February 2010** and shall remain valid until **31 January 2012** unless revoked in writing by an authorised Person.

### CONDITIONS

1. This licence or a copy thereof, should be made available on request by the licensee for inspection by any person to whom the licensee submits a tender or quotation for work with asbestos and shall be available for inspection at all worksites. A copy of the licence shall accompany each notification required by Condition 2.

2. The licensee shall give notice in writing of the work to the appropriate HSE or local authority office at least 14 days before the work is commenced, or such other period as the authority will allow. The notice shall specify the type of work to be carried out, the likely duration of the work, the address of the premises at which the work is to be carried out and the date of commencement of the work activity. The enforcing authority must be informed in writing as soon as possible if this information changes. This condition will not apply for any work carried out with asbestos, which is subject to the exemptions specified in Regulation 3(2) of the Control of Asbestos Regulations 2006 or when the licensee hires out employees (at operative level) to other licensees.

3. (a) Prior to submitting the notice of work required by Condition 2 the following documents shall be prepared by the licence holder:

- i) a suitable and sufficient written statement of the method of work to be used.
- ii) a suitable and sufficient written specification for the equipment for the protection and decontamination of those engaged in asbestos work and also for the protection of other persons, as appropriate to the work.

(b) The licensee shall, on request by HSE and/or the local authority provide copies of the documents referred to in 3(a) and/or allow inspection of those documents as required.

The method of work and written specification must be provided on request and be available at the time of notification.

4. In addition to the company's health and safety arrangements, as required by Regulation 5 of the Management of Health and Safety at Work Regulations 1999, an auditing system, carried out by a competent, independent person, unrelated to the licensee and as agreed with the Asbestos Licensing Principal Inspector (ALPI) at the Luton office of the Health and Safety Executive, should be instituted. Such auditing should cover 20% of the notifications submitted annually by the licensee under the Control of Asbestos Regulations 2006. The results from the audits should be reviewed, recorded and required actions implemented every 3 months. A report of the review, summarising findings, should be submitted to the above ALPI every 3 months until agreement is reached with the said ALPI that the practice should cease.

Signature

A person authorised by the Health and Safety Executive to act in that capacity

Name: **G Haywood**
