

Location:	Stevenage
Project Value:	£250,000 PA
Project Start Date:	November 2008
Project Completion:	November 2012

Project Information

Caswell Environmental Services have renegotiated a term contract for asbestos removal works from August 2008 – August 2012 for Stevenage Homes. Stevenage Homes Ltd is a company limited by guarantee to of which Stevenage Borough Council is the only member, established by Stevenage Borough Council to undertake the management of its housing.

The contract is for the removal/remediation of asbestos containing materials for Stevenage Borough Council's residential properties and communal areas, including making good or, where instructed, reinstatement with non-asbestos products. Stevenage Borough Council have a housing stock of approximately 8,450 tenanted housing units and 1,300 leaseholder units.
